

## Prescription Savings Card

Members of the Everest Medicare Supplement insurance plan can begin to lower their prescription costs simply by presenting their Everest Prescription Savings Card to participating pharmacies at the time of purchase.

You'll save on most, but not all, prescriptions. The Everest Prescription Savings Card is good for both brand name and generic prescription drugs, some medical supplies, and pet prescriptions purchased at a pharmacy.\*

### Everest Prescription Savings Card Program Highlights

- It is completely FREE
- You as well as your family and friends can use the card
- The *Everest Prescription Savings Card* is ready to use
- Unlimited uses / Never expires
- Works for pet medications purchased at a retail pharmacy\*
- No personal information needed
- Works for FDA approved prescription medications

This is NOT INSURANCE. This card is FREE. Prescriptions may be filled at any pharmacy, however, this prescription discount card provides a discount only a participating pharmacies. It does not replace COBRA or any other medical insurance program, nor is it a Medicare Part D prescription drug plan. Cardholders are responsible for paying the discounted cost at the time of service from participating providers. Discounts may not be taken in conjunction with any third party payor arrangement, including Medicare or Medicaid or government programs. This program is administered by Access One Consumer Health, your Discount Medical Plan Organization, 84 Villa Rd. Greenville, SC 29615. [www.accessonedmpo.com](http://www.accessonedmpo.com). The program and its administrators have no liability for providing or guaranteeing service or the quality of service rendered This program is not available to Montana residents, but may be used at participating Montana providers.

### What if I have insurance?

Anyone can use the card, but it cannot be combined with insurance. You can use the *Everest Prescription Savings Card* if:

- A prescribed medication is not covered by your insurance
- Your insurance has no drug coverage
- Your insurance has a high deductible and the prescription cost is "Out-of-Pocket"
- You have exceeded the maximum prescription drug benefit on your insurance plan
- The savings card offers a better price than your prescription drug co-pay under insurance
- You are in the Medicare Part D "donut hole"

### How does this valuable card work?

When the prescription savings card information is entered into the pharmacy's computer system, the price of the prescription is reduced based on the pharmacy's agreement with the pharmacy network. This type of cutting-edge technology allows for a seamless transaction process.
